

A SKEPTIC'S JOURNEY

A skeptic presents evidence for God and Christianity

I was an atheist attending church only to support my wife, I dismissed Christianity as mere storytelling. But I realized my skepticism was based on assumptions rather than evidence. Determined to investigate for myself, I embarked on *A Skeptic's Journey*—a deep investigation into the evidence for God and Christianity.

What I discovered changed my life. The evidence was overwhelming. Now, I share that evidence with audiences around the world. It challenges skeptics and strengthens Christians with a solid, reasoned support for their faith.
