

A Skeptics Journey

Presenting evidence
for God and Christianity

Rick Allan

I was a “church attendee” yet profoundly skeptical. I was only attending to support my wife. I believed Christianity was a man-made story enhanced over the years and science disproved God. *Church services did not provide evidence to persuade me otherwise.* It was only after I challenged myself and sought the truth that I discovered there was substantial evidence for both God and Christianity.

I am called to share the evidence I found with “church attendees”, who like myself, may not be aware of the evidence.

	Experience I’ve presented to many audiences including church attendees, youth groups, youth leaders, pastors, and cell groups. In 2018, a set of circumstances clearly orchestrated by God led me to present in the Czech Republic to a primary atheist audience.
