

A Skeptics Journey

From Atheism to Christianity

Presenting evidence from a “skeptics” point of view

I am a self-professed skeptic and former Atheist turned Christian. As an Atheist I was attending church services only to support my wife, believing much of what I heard was simply a made-up story. However, I came to realize my belief was apathetic, based only on anecdotal evidence and opinions. So, I began a journey, “A Skeptics Journey”, to investigate the evidence for myself. I discovered there was substantial evidence for both God and Christianity.

Rick Allan

I now present the evidence that convinced me to change my life. If you are interested in inviting me to speak at your event, please contact me via my website or email address listed below.
